CRUSHER

HL-BP-1

BK

DS

DG

18.2" H x 15.5" W x 11.5" D
MAIN COMPARTMENT **18.5 Liters**
TOTAL LITERS **27.5**
WEIGHT **2.4 lbs**

The CRUSHER 2-day pack is made with durable heavyweight polyester, built to withstand the elements. It provides water resistance from wet climates to help keep your gear dry.

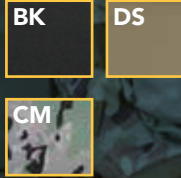

This pack is hydration compatible, equipped with a large sleeve to secure your water bladder when you're out hiking, or to store your laptop when on the go.

With multiple interior and exterior zippered pouches, gear and accessories can be easily organized. 2 side pockets with MOLLE webbing allow for storage of additional gear or water bottles. Air mesh shoulder straps and back padding add comfort and support needed for the long haul.

STEALTH

HL-BP-2

19.5"H x 15"W x 11"D
MAIN COMPARTMENT **23.5 Liters**
TOTAL LITERS **33.5**
WEIGHT **3.0 lbs**

The STEALTH 3-day pack pulls its weight, with large main compartments that keep you engaged and prepared for any adventure. Following some conventional styles, we brought this bag to life with a number of different features.

The front and middle pockets provide space for clothing and smaller gear, keeping you organized at all times. The extensive MOLLE web platform helps you expand and customize this pack. A padded laptop compartment protects your electronics and doubles as a hydration system, allowing you

to stay hydrated along the trail. 4 compression straps secure heavy loads and help center your gravity. The zipper covers help prevent moisture from entering the pockets while the durable material provides some water resistance. Adjustable load-bearing straps and MOLLE platform located underneath the bag allow you to carry a bedroll and other gear with ease. Padded air mesh shoulder straps are equipped with multiple D-rings and MOLLE webbing to add additional gear. Padded waist straps allow for dispersal of weight, taking some of the load off your shoulders.

BASECAMP

HL-BP-8

18.5" H x 10" W x 14" D
MAIN COMPARTMENT **26 Liters**
TOTAL LITERS **31.75**
WEIGHT **2.4 lbs**

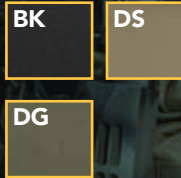

The BASECAMP has been engineered to keep you on the move. This rugged pack is perfect for excursions or tactical training. Constructed out of heavy-weight durable polyester, this pack helps provide water resistance and support. The 5 pockets provide enough room to keep all gear organized and secure. The BASECAMP delivers hydration compatibility, allowing you to stay hydrated along the trail.

The MOLLE web platform allows for customization, while adjustable shoulder straps add comfort. Other features include but are not limited to; waist and sternum straps for balance and support, 4 side compression straps, large hook and loop patch holder, and concealed hydration system access.

ARMOUR

HL-BP-10

18" H x 11" W x 10" D
MAIN COMPARTMENT **26.5 Liters**
TOTAL LITERS **36.5**
WEIGHT **2.8 lbs**

The ARMOUR is loaded with features, making it a great go bag or tactical pack. It's equipped with 1 large and 2 smaller compartments, allowing for proper storage of your gear. The large main pocket helps keep your laptop and hydration bladder secure. Two additional mesh pockets keep your first aid and other gear easily accessible. Padded air mesh shoulder straps allow for maximum comfort, while D-rings and MOLLE webbing allows for attachment of additional gear.

The main compartment opens up the full length of the bag, allowing for full accessibility of contents. Attached are 4 Side compression straps that allow for extra support and compression of gear. The hook and loop patch holder allows you to add your favorite patch.

ROGER

HL-BP-19

BK

DS

DG

19.5"H x 14"W x 11"D

MAIN COMPARTMENT **28.5 Liters**

TOTAL LITERS **34.5**

WEIGHT **2.4 lbs**

Take your backpack game to new heights with the ROGER. This pack is the first line of defense for your tactical needs, equipped with 6 pockets, it allows proper storage of all your gear. The laser cut MOLLE platform is smart and lightweight allowing you to attach your gear. Equipped with four compression straps you can firmly secure the load of your bag or carry additional items. Padded shoulder and sternum straps give you the extra support you need for the long haul.

Large side pockets allow you to store your water bottles while a tricot-lined pocket secures personal items. The padded laptop sleeve provides extra protection for your electronic items. The hook & loop panel allows you to add your favorite patch.

BACKLASH

HL-BP-20

19"H x 17"W x 12"D
MAIN COMPARTMENT 32 Liters
TOTAL LITERS 46.5
WEIGHT 3.3 lbs

Whether at the local range or on the trail, the BACKLASH will prove its worth. This 3-day pack keeps you pushing through any terrain you might encounter. The main pocket is large enough to meet your storage needs and allows you to secure your hydration bladder or laptop. The middle pocket is great for storing utensils, flashlights, knives, and other smaller items. The smaller front pocket allows for quick access of personal items and documents, while side pockets allow you to store large water bottles and other accessories.

The wrap-around MOLLE webbing gives you plenty of surface to build out your pack even further. Blaze the trail before you and "GET TACTICAL" with the BACKLASH.

RUMBLE

HL-BP-23

18" H x 14" W x 9" D
MAIN COMPARTMENT **22 Liters**
TOTAL LITERS **35.5**
WEIGHT **2.6 lbs**

The RUMBLE is a rugged pack ready for duty in tough environments. Made from durable polyester, this pack provides water resistance, helping to protect your gear in harsh environments. The large main pocket gives you plenty of room for a few days of roughing it. Equipped with a padded laptop sleeve, you can store your computer, keeping it readily accessible. Stow away smaller gear and accessories in either of the two smaller pockets. The MOLLE webbing allows you to expand

your pack, providing room for attachment of extra gear and accessories. The padded back panel provides extra comfort while you're on the go. Sturdy side grab handles provide extra grip when in a pinch, while four side compression straps allow for extra support. Add your favorite patch to the hook and loop patch holders to further customize your pack.

VANTAGE

HL-BP-28

BK

DS

18"H x 11"W x 13"D
MAIN COMPARTMENT **17 Liters**
TOTAL LITERS **27.5**
WEIGHT **2.5 lbs**

Constructed from heavyweight durable polyester, this pack will have no problem keeping up in the toughest environments. Its lightweight design allows you to move freely through tight spaces, making it our most narrow bag. The VANTAGE comes equipped with a spacious main compartment and three smaller pockets, with the option to expand for more depth. The exterior MOLLE webbing allows you to build out and customize your bag while the 5 compression straps allow to cinch down your gear.

The mesh padded back and shoulder straps give that much needed comfort while on the go, while sternum and waist straps give extra support.

APOLLO

HL-BP-29

BK

DS

DG

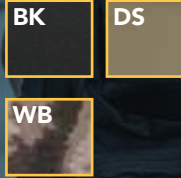

18" H x 16" W x 11" D
 MAIN COMPARTMENT **26 Liters**
 TOTAL LITERS **39.75**
 WEIGHT **2.5 lbs**

The APOLLO 3-day assault pack offers more than most bags on the market, designed to meet all your tactical and outdoor needs. We use heavy weight durable polyester to ensure your pack can withstand the elements. The storage options make this pack ideal for organizing your gear as a Daypack or Bug Out Bag. The large main compartment is equipped with a padded sleeve for proper storage of a laptop or hydration-bladder. Padded air mesh adjustable shoulder

straps provide comfort while you're on the move. The shoulder straps have D-rings attached to clip extra gear while the MOLLE webbing platform allows you to customize your pack as needed. Attached is an adjustable sternum strap for extra support and weight dispersal. The hook & loop patch holders give you unique customization options. This is the perfect pack to help you GET TACTICAL®.

18.5"H x 15"W x 8"D
 MAIN COMPARTMENT **18 Liters**
 TOTAL LITERS **27**
 WEIGHT **2.4 lbs**

Welcome to the WEST. This pack provides multifunctional storage and is highly customizable so you can build it out to meet your daily mission. Whether you need it for recreational use or for heavier tactical needs, this pack will keep you prepared. The survival cord grab handle gives you an extra grip when you need to carry the pack by hand. Padded back panel and shoulder straps allow for maximum comfort and support. Two small pockets on the front of the pack provide organizational solutions for your smaller items.

The main compartment is big enough to pack in larger items and includes a padded sleeve for a laptop or hydration system. Don't forget about the side compression straps so you can keep your gear packed tight and maintain your balance while on the move.

BK

DS

DG

18"H x 15.5"W x 8"D
MAIN COMPARTMENT 22.5 Liters
TOTAL LITERS 29.5
WEIGHT 2.5 lbs

The AGENT is full of surprises. It's equipped with 8 different pockets providing you with ample room to pack accordingly. It has a side access pocket behind the back padding for storing a laptop, tablet, or body armor if needed. The padded back panel with mesh shoulder straps provides comfort when on the move. A Tricot-Lined pocket can hold your sunglasses or other personal items for safe keeping. The MOLLE web platform allows for extra attachment of

gear and accessories. Use the headphone port to connect to a mobile device when on the go. If you get stuck in some heavy rainfall, there is a rain cover that zips out from the bottom pocket to keep your bag dry. Made from heavyweight durable polyester, the AGENT works hard to keep your gear safe.

MAJOR

HL-BP-60

BK

DS

DG

CH

19"H x 12.5"W x 7.5"D

MAIN COMPARTMENT **26.5 Liters**

TOTAL LITERS **33.25**

WEIGHT **2.3 lbs**

The MAJOR is in a rank of its own. This pack pulls a number of our design elements into one tough pack. Six pockets help you properly organize your gear, with enough space to accommodate all your storage needs. The wrap-around MOLLE webbing system will allow you to configure and build out your bag as needed. The hydration compatible platform will allow you to add your hydration bladder while on the trails. A hook and loop panel will allow you to add your favorite patch.

The heavy mesh padding in the shoulder straps and back panel provide comfort and breathability while the sternum strap and waist strap help you maintain your back support. This is a great pack with MAJOR compartment space.

22"H x 13.5"W x 8"D

MAIN COMPARTMENT 32 Liters

TOTAL LITERS 38.25

WEIGHT 3.08 lbs

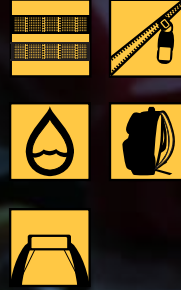

The FOXTROT has it all! It pulls everything you are looking for together in a 3-day pack. Its design allows for heavy loading and customization, keeping you on task at all times. The rugged build consists of two different MOLLE web platforms to utilize to your advantage, as well as braided nylon hooks to carry additional gear. 5 external pockets give you ample storage options to organize your gear, while a padded tricot lined pocket offers protection for smaller

personal items. Hook and loop patch holders allow you to personalize the look of your pack, making it your own. Properly store your laptop in the padded interior compartment to ensure protection. This pack is built for the long haul, with a padded mesh back panel and shoulder straps to help with air ventilation. The adjustable sternum strap and waist strap provide that extra support when needed, helping to disperse the weight of the bag.

TASK

HL-BP-32

BK

17"H x 15"W x 10"D
MAIN COMPARTMENT 22 Liters
TOTAL LITERS 24.25
WEIGHT 3.2 lbs

Looking for a great alternative for carrying your tools to work? If the answer is yes, look no longer you've found your pack! This bag is designed specifically to keep you on TASK. Store 30+ tools and stay organized with the vertical tool compartments to keep your tools easily accessible. The heavy-duty protective base keeps your tools from getting damaged by unfavorable weather conditions. We know that tools aren't light, so we added the extra padded mesh back panel to provide more comfort, support, and ventilation.

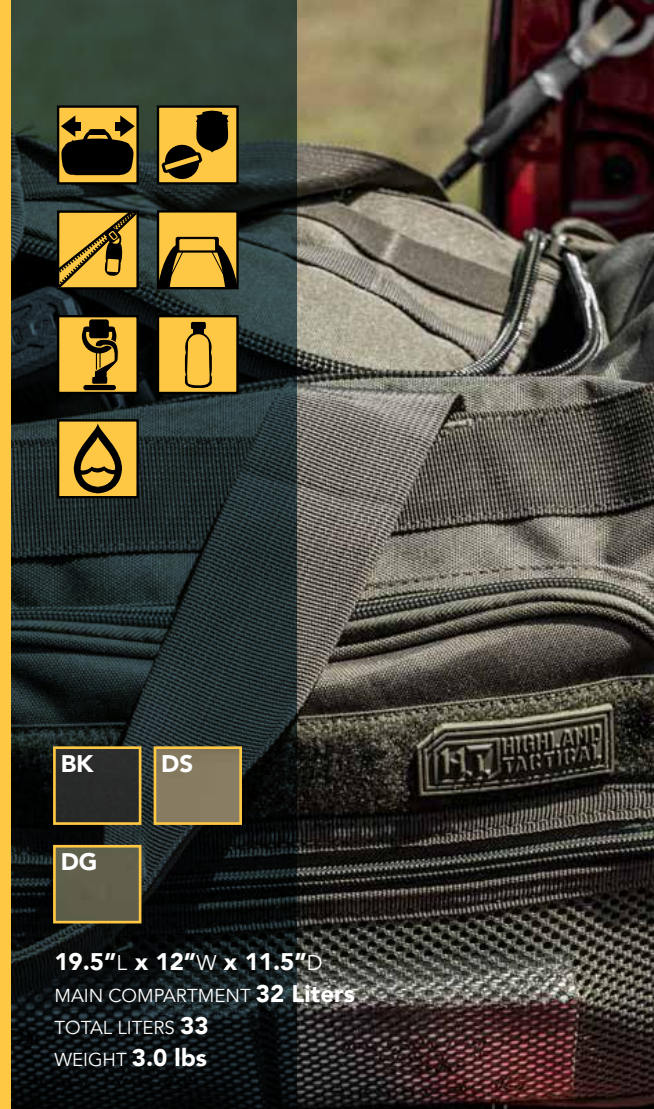

The MOLLE web platform allows you to customize your bag so you can add additional tools as needed. After all, tools can be expensive and deserve great protection.

TACTICAL DUFFELS

BK

DS

DG

19.5" L x 12" W x 11.5" D
MAIN COMPARTMENT 32 Liters
TOTAL LITERS 33
WEIGHT 3.0 lbs

The name says it all. The ELITE duffel bag is made from heavyweight durable polyester and provides water resistance to protect your gear in wet environments. The main pocket allows you to expand the bag as needed, giving you the option for an additional 3" on each side. The front pocket is great for storing personal items and other small objects. The mesh water bottle holder can store your water bottle so you can stay hydrated when on the go. The hook & loop patch holder

allows you to customize your bag and add your favorite patch. The plastic feet at the bottom of the bag provide durability and extra support. The ELITE works great as a range bag, gym bag, or emergency go bag.

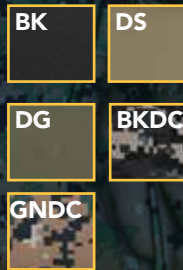

EXPANDABLE

RANGER

HL-SD-85

23" L x 12" W x 11.5" D
MAIN COMPARTMENT **30 Liters**
TOTAL LITERS **33.5**
WEIGHT **2.9 lbs**

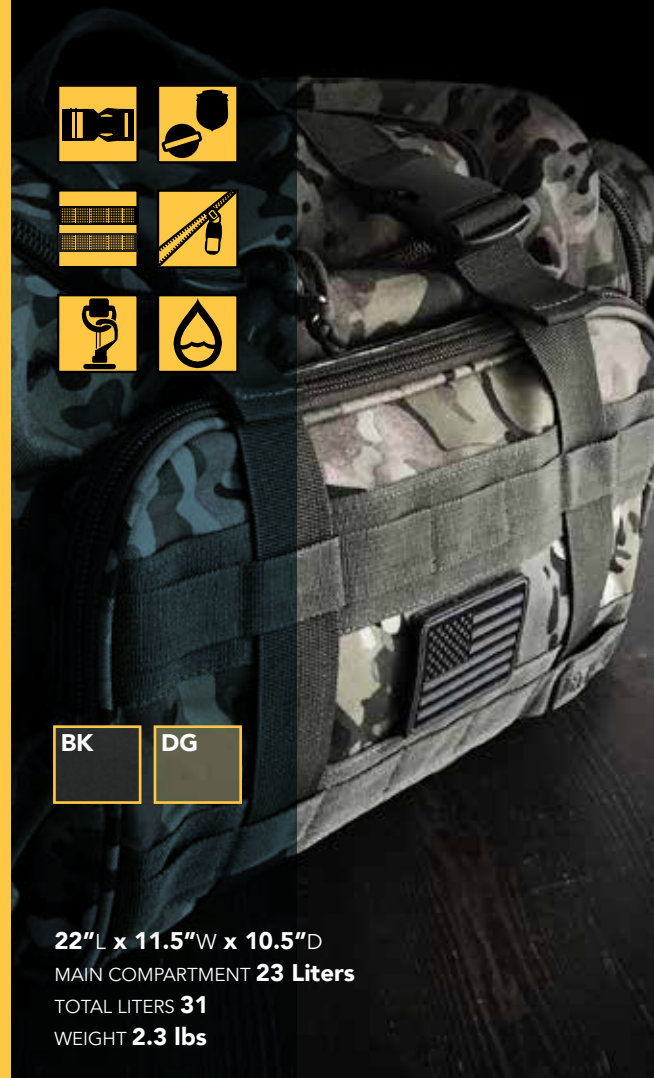

The RANGER is the ultimate range duffel. It can properly store your tactical and/or outdoor gear while functioning great on and off the range. Constructed of heavyweight durable polyester, this bag can withstand tough environments. The spacious main compartment is great for storing equipment and clothing, while multiple front and side compartments are great for additional gear and smaller items. The front two pockets can hold extra magazines and other accessories when out at the range.

The hook & loop patch holder and MOLLE webbing allow for some unique customization and extra attachment of gear.

WINCHESTER

HL-SD-92

BK

DG

22" L x 11.5" W x 10.5" D
MAIN COMPARTMENT **23 Liters**
TOTAL LITERS **31**
WEIGHT **2.3 lbs**

There's no mystery in how this bag was built. The WINCHESTER is rugged, tough, and built with purpose. It's perfect for stowing gear, clothing, and other accessories. The two side pockets can store your extra magazines, pistols, and range equipment. The large front pocket can store documents and other personal items, keeping them readily accessible at all times.

This bag is equipped with MOLLE webbing all around, allowing for the attachment of extra gear and patches. The adjustable shoulder strap makes it easy to carry and provides some comfort when on the go.

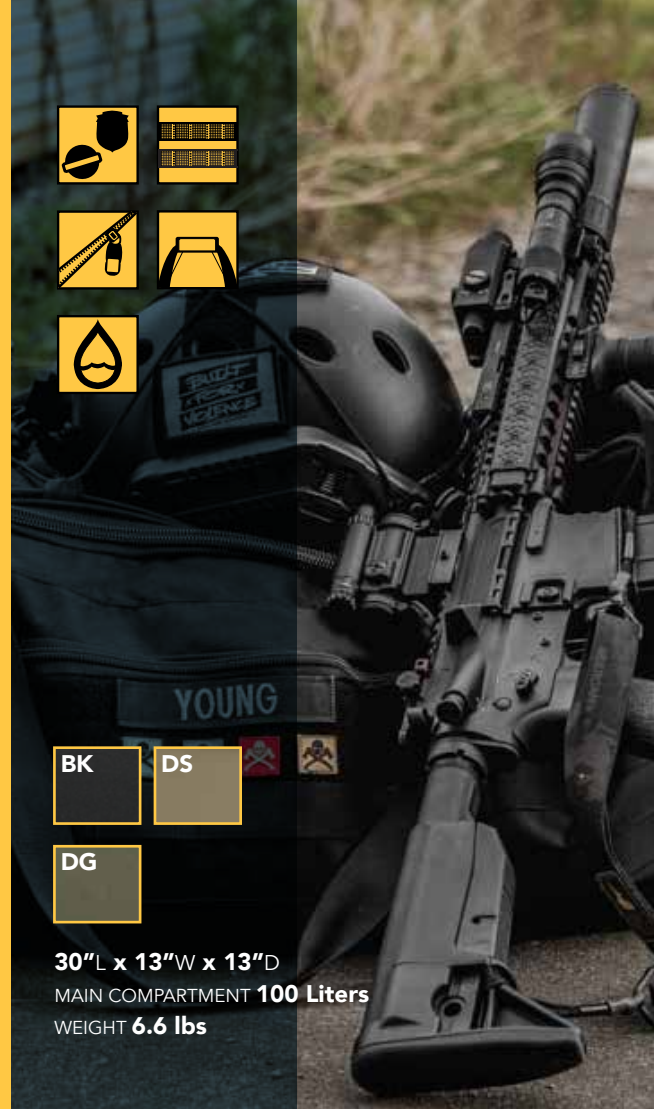

BAGS & MORE

SQUAD

HL-WD-9130

BK

DS

DG

30" L x 13" W x 13" D

MAIN COMPARTMENT 100 Liters

WEIGHT 6.6 lbs

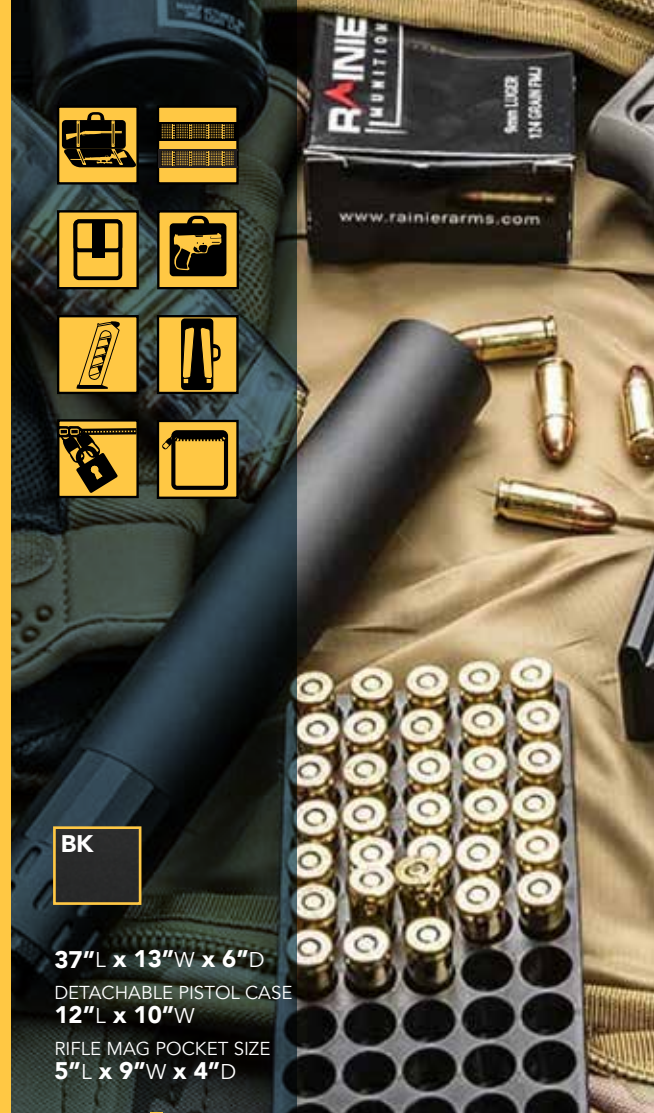

The SQUAD is our heavyweight rolling duffel that is ready for travel. Its constructed from heavyweight polyester for durability while on the go. Whether your packing for a trip or a day at the range, its 30" length allows you to maximize the storage capabilities. The bungee strap on top allows you to secure extra gear and loose clothing for quick access. The front pocket provides access to personal items and gives you ample storage for accessories.

The recessed, in-line wheel system allows for smooth travel on rugged terrain, while the reinforced internal handle system allows for easy maneuvering. The 2 heavy duty side straps make it easy to carry as a duffel bag if desired. Equipped with MOLLE webbing, additional pouches can be added to build out the bag and customize it as needed.

DOUBLE RIFLE CASE PRECISION 37"

HL-GB-2

BK

37" L x 13" W x 6" D
DETACHABLE PISTOL CASE
12" L x 10" W
RIFLE MAG POCKET SIZE
5" L x 9" W x 4" D

Created to be a shooter's best friend, the Precision 37" Double Rifle Case allows you to safely transport your equipment to the range with ease. Both ends of the front panel are lined with MOLLE compatible webbing for easy attachment of extra gear. Two MOLLE mag pouches come attached to the webbing — on each side — with enough room to store up to four full-sized rifle magazines in each. The MOLLE-compatible platform gives you the freedom to adjust the mag pouches as needed. A full-length padded divider ensures proper storage and protection of your rifles when on the go.

Not only are your rifles protected but so is your pistol. Equipped with our innovative detachable padded pistol case, you can safely conceal your pistol and up to 5 pistol mags, or use it as a standalone pistol case for the range. The PRECISION 37" also includes three large zippered exterior pockets for quick storage of all your range day essentials and accessories. Hideaway zippered backpack straps are located on the rear of the bag, making it easy to carry the case when fully-loaded. The adjustable sternum strap helps take the pressure off the shoulders, evenly distributing the weight of the case when on the go.

TIMER

HL-MB-1

BK

12"H x 17.7"W x 4.5"D
MAIN COMPARTMENT **14 Liters**
TOTAL LITERS **16.4**
WEIGHT **2.65 lbs**

In a fast-paced world timing is everything, this is why we developed the TIMER Messenger bag. This bag is equipped with durable wrap-around laser cut MOLLE, giving it a clean modern aesthetic. Two reinforced clips secure the flap which covers two front pockets, protecting the contents of the bag. The main compartment is designed for proper storage and organization of all your gear, including a padded laptop pocket, and multiple smaller pockets for additional

items. The adjustable side pockets make it easy to store your water bottle and other accessories, keeping them readily accessible. The compression straps allow you to properly secure your items and keep the bag packed tight. Don't forget about the clear zippered waterproof pouch, it's great for storing important documents and keeping them dry.

WAIST PACK MOBILITY

HL-WP-1

BK

DG

7.5"H x 11"W x 4.5"D

WEIGHT
12 oz.

From waist pack to crossbody bag, the MOBILITY is loaded with utility and function. Constructed from heavyweight polyester, the Mobility is built to withstand the elements. This pack works great for your EDC or even CCW needs. The wrap-around MOLLE system allows you to attach extra gear to the exterior of the bag and promotes customization. The hook & loop patch holder allows you to add personal flair while the front and back pockets make it easy to store personal

items. A spacious main compartment allows for proper storage of your CCW or other items while the top bungee strap provides a way to cinch down a flashlight or other accessories.

WAIST PACK SIDEWINDER

HL-WP-3

DG

7.5"H x 14"W x 4"D

WEIGHT
12 oz.

Living in a fast-paced world, it is essential to be prepared at all times, this is why we created the SIDEWINDER tactical waist pack. This pack was designed to keep you on the go at all times with a lightweight profile and sleek design. Wear this pack as a crossbody bag or waist pack, the choice is yours. Equipped with 5 total compartments, the SIDEWINDER is ideal for storing all of your personal items. Attach extra gear to the on-board MOLLE web platform,

add some personal flair with the hook & loop patch holder. The bungee straps on the top of the pack allow small items to be tied down for quick access. The Sidewinder can even accommodate your pistol CWW needs with the spacious main compartment.

SLING BAG EAGLE

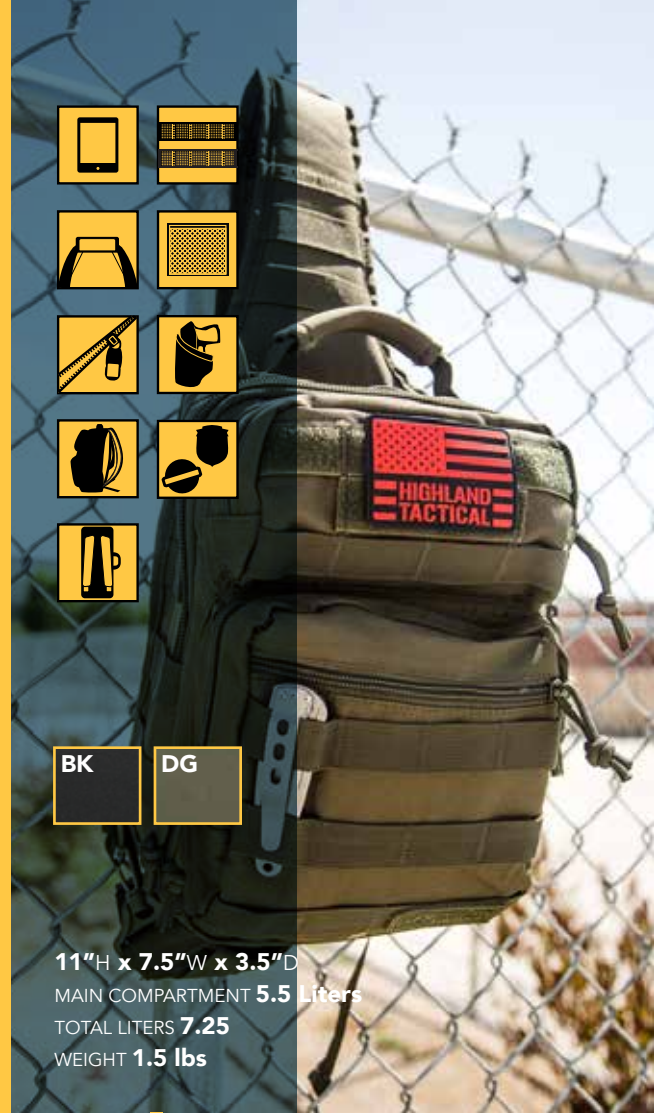

HL-BP-13

BK

DG

11"H x 7.5"W x 3.5"D
 MAIN COMPARTMENT 5.5 Liters
 TOTAL LITERS 7.25
 WEIGHT 1.5 lbs

The Eagle is a fully-functional sling pack designed for everyday use. This high-performance pack is loaded with features to help you stay prepared while maintaining your range of motion on the go. Featuring 2 CCW pockets, you can choose to store your pistol in the rear compartment and holster it to the hook and loop, or in the hidden pocket located inside the main compartment. The wrap-around MOLLE web platform allows extra gear loading and customization, while

the hook & loop patch holder gives your pack a unique look. The shoulder strap is padded for comfort and includes MOLLE webbing and D-rings for attachment of extra gear. The shoulder strap can neatly tuck away in the back compartment, giving you the option to carry the pack from the padded grab handle. Multiple pockets allow proper storage of personal items and easy organization.

KROSS SLING BAG

HLSB-101

BK

DG

17" L x 11" W x 5" D

MAIN COMPARTMENT **14 Liters**

TOTAL LITERS **14.75**

WEIGHT **1.8 lbs**

The Kross Sling Bag is a versatile bag wrapped in MOLLE webbing, offering more area for customization than most other sling packs. With its slim profile, you will be able to move freely through tight spaces while not compromising your range of motion. Constructed from durable Polyester, this pack can be put through the ringier. Side compression straps allow you to cinch the bag down, evenly distributing the weight and bulk nearer your back for better weight transfer and balance. Hydration compatibility gives

you the freedom to add a hydration pack, allowing you to stay hydrated along the way. The rear side pocket is lined with hook & loop fasteners, allowing you to store your holstered CCW, magazines, and electronic devices properly. Two front pockets allow organization of smaller items, while the main compartment allows for storage of larger items. The main compartment is lined with multiple mesh zippered pockets for additional storage. The Adjustable padded shoulder strap allows for max comfort while in transit.

RIP-AWAY MED POUCH

HL-MP-1

BK

DG

8.5"H x 7"W
WEIGHT
12.8 oz.

In a world where danger can be waiting around the corner, you can never be too prepared. For that reason, we have created the RIP-AWAY MED POUCH, providing a quick and efficient first aid solution for any application or environment. This pouch meshes seamlessly with all of our packs, allowing for quick attachment through MOLLE straps. The pouch is attached by hook and loop and can rip-away from the back panel for quick access in an emergency situation. The front of the pouch is also lined with a Hook & Loop Laser-Cut MOLLE platform so you can add a

patch for easy identification, or extra supplies as needed. Tri-fold storage compartments with elastic bands and mesh pockets give you plenty of space to store and organize all your first aid gear, while keeping vital supplies in plain sight.
